

**SCOUTS | BSA**

Thank you so much for your interest in Scouts BSA! We extend a warm welcome to our new Scouts and their families, as well as those that are returning this year. Scouting is a great way to meet new students, turn off the screens, and enjoy the outdoors.

### **About our Unit**

AIS is home to Troop 427, one of the oldest Scout Troops in Europe. We have two units operating together, 427g for young women and 427b for young men. All young men and young women (ages 11-17) living in Vienna, Austria are welcome to join, regardless of citizenship or the school they attend,

During the school year, Troop 427 holds weekly meetings on Tuesdays in the cafeteria at the American International School - Vienna from 5:15pm to 6:45pm.

The real fun takes place during our monthly outings. These can be activities such as overnight camp-outs, rifle shooting outings, canoeing, snowshoeing, wilderness survival experiences, First Aid training, or community service projects.

Our goal is to provide a fun and safe environment for our Scouts to explore the outdoors while developing leadership and other life-long skills.

**Kick-Off Scout and Parent Meeting:** We will host a parent/Scout meeting and information session at the start of the school year with more information.
