

SV (Österreich) GmbH  
Schwarzenbergplatz 2/1. OG/Top 4, A-1010 Wien

---

Vienna, June 14<sup>th</sup> 2016

Dear students, Dear parents, Dear teachers and AIS community!

We, the SV (Österreich) GmbH, are delighted to be appointed as the school caterer of your choice for the American International School starting with the up-coming year 2016/2017.

In what way is SV different from other catering companies?

We are specialists for quality foods and healthy nutritious freshly cooked meals. We use at least 30 % of organic products in our offerings. As a subsidiary company of the Swiss enterprise called SV Group a certain “Swissness” is evident in our processes and standards.

We believe in basics like reliability, quality, hard work and cheerfulness.

We focus on hospitality, sustainability, professionalism and freshness.

For us freshness means food freshly prepared on sight, color coordinated and attractively presented.

Cooking for us means: Using fresh quality ingredients, prepared in a caring matter, so that the majority of the minerals, vitamins, flavors and color is preserved. The result is great meals which are tasty and healthy.

Our range of foods transmits a “natural homemade character”. We celebrate the art of cooking with pride in what we do and offer. The effect: a stimulating food presentation, lots of color on the plate, market freshness as well as regional and seasonal products.

We serve our culinary variety with a smile. Warm hospitality is what we stand for.

Within the next days you will find a comprehensive informational brochure about SV on the AIS homepage. In addition there will be more facts and figures, a list of our services, a price list, registration sheets and much more.

We are looking forward to welcoming you at our culinary venues at AIS starting as of August 22<sup>nd</sup> 2016.

Culinary greetings

Mag. (FH) Andreas Kabela, MBA
